Family ID# _____

Student ID# _____

You must fill these in. See your ID cards or call school and ask for them.

Student's **FULL** Name _____

Current grade Level _____

CORE SUBJECTS	Letter Grade
Math	
English	
History / Geography	
Science	
Reading	
ELECTIVES	Letter Grade

Grading Scale: A 93-100 / B 85-92 / C 75-84 / D 70-74

INSTRUCTIONS:

Next to the subjects your student worked on during this semester only, put the letter grade he earned.

D1A asks that all students cover at least the 5 core subjects.

MATH—includes any work with numbers

ENGLISH—this can include grammar, spelling, writing, reading. Just average all those together into one grade. Or you can let it only include what you want and then report the others as separate subjects.

SOCIAL STUDIES—this should include any studies of history, geography, state history, governments. Just any of these together into one grade.

SCIENCE—this includes any studies of nature, human bodies (health), space, etc. Again if studying more than one topic, average together into one grade.

READING—this includes phonics, comprehension & literature.

ELECTIVES—Space for you to fill in up to 5 other subjects. (We only have room for a total of 10 subjects on the yearly transcript.)

EXTRACURRICULAR ACTIVITIES

Some of the things our students study or do during the year should not be turned in as academic subjects but instead should be treated as fun, educational, extracurricular activities. You can fill those in here if you want to.

PLEASE DO NOT fill in title of textbooks or other materials or names of classes taken at co-ops, tutorials, etc. Just the name of the general subject that was studied.

We highly recommend that you submit your grades using our online submission process by visiting our website at www.d1academy.org.
